Sitting in the sunlight
I try to make it onright -
Seems I've made it just in time.
So when she called this morning
I told her on the telephone:
If you want to love me

If you want to keep me

Let me give you some advice:
You gotta be prepared
To keep your boyfriend satisfied.
So let me tell you
baby

Now what the young girls gotta know

Step by step
I tell you what you gotta know.

Step by step - I tell you what you get
I teach you what you gotta know.
Step by step - you're loving what you get
I show you when we get back home
when we get home.

You set my heart on fire

And I'm burnt out with desire

But tell me why you got me high?
I can think of way's
To keep your boyfriend satisfied.
I insist again
If you want to keep a man
Gotta let him give you some advice;
Only he can teach you

Only he can reach you
girl.
So let me tell you
baby

Now what the young girls gotta know

Step by step
I tell you what you gotta know.

Step by step
