Every night I'm dreaming-
I am dreaming I'm a time machine.
I jump into the love seat
And I'm flying into time with you.
My heart is in the sky,
Love and peace is all I need from you.
I fly and wonder why
This world has gone so far astray.

Every night and day,
I am dreaming I'm a time machine.
In the light of day,
I am only one more dream away.
Speeding into danger,
All I need in space is you right there.
Come on, are you ready?
Come the early dawn, we'll be far away.

[Chorus]:
Fly with me,
Take a trip on my time machine.
All we really need
Is another time and change of scene.
Living love again,
You're my ever-loving astro queen.
So fly with me,
Just take a trip on my time machine.

I tell you what I'm thinking-
I'm gonna buy a brand-new time machine.
No one now can stop me,
I'm gonna do it in my own sweet way.
I change the console control,
We'll drift into a world of fantasy.
Come on, are you ready?
Come the early dawn, we'll be far away.

[Chorus]:
Fly with me,
Take a trip on my time machine.
All we really need
Is another time and change of scene.

Living love again,
You're my ever-loving astro queen.
So fly with me,
Just take a trip on my time machine.

[instrumental solo]

[Chorus]:
Fly with me,
Take a trip on my time machine.
All we really need
Is another time and change of scene.
Living love again,
You're my ever-loving astro queen.
So fly with me,
Just take a trip on my time machine.
