"Dinner Is Ready"

Visit "[Dinner Is Ready](#)" on MotoLyrics.com

Flesh is good, meat is good, smells good
And plumps when you cook it
Meat makes you glad you're at the top
Of the food chain
So you can enjoy it

Brothers and sisters
Eat them fuckin all, wild horses or Irish babies
Manbeef, leather, fur, taxidermy
There are dogs on the dancefloor
Shooting practice plus nightclubbing
Such an exciting family activity

The dinner is ready
Eat me, eat me, meat, meat, meat
If you're 666, I'm godamn free
Come on fakers, dinner is fuckin ready

The dinner is ready
Eat me, eat me, meat, meat, meat
If you're 666, I'm godamn free
Charlton Heston, Soylent Green

If you're 666, I'm godamn free
If you're 666, I shoot the baby
