What else can I do love
You know it isn't you love
I'd never be untrue love
You know I'd never stray
But that river's rolling
And distant bells are tolling
Telling me that I am bound away

Say you'll understand love
Take me by my hand love
We will meet again love,
On another day
There is much I don't know
I don't know where dreams go
All I know is I am bound away .

Away, away - I long to stay
But the wind is from the west
and it's tugging on my vest
and it's telling me that I am bound away

When the distant thunder
wakes them from their slumber
And my old friends wonder
This is what you'll say:
He was not a hero
he did not by to me though
when he found that he was bound away

Away, away - I long to stay
But the wind is from the west
and it's tugging on my vest
and it's telling me that I am bound away

Away, away - I long to stay
But the wind is from the west
and it's tugging on my vest
and it's telling me that I am bound away

I love you girl, but I am bound away
