So  
If it's just so then  
Where is it now when  
I find the moment  
Uncertain?  
Broken water pail -  
No moon in the water,  
Try to hold it now.  
So  
I want to hold on  
Reflections all gone,  
No ego - so.  
Broken water pail -  
No moon in the water,  
Try to hold it now,  
Broken water pail,  
Hold me in the moment,  
No more ego now.  
I would  
Drink the drags of daylight,  
Break the bread of consciousness  
And dream:  
Dream day for night,  
Nightfall around us,  
Waking, dreaming,  
Awake to the dream.  
Broken water pail -  
No moon in the water,  
Try to hold it now,  
Hold me in the moment,  
No more ego now,  
No moon in the water,  
No more ego now
