Let's cross this bridge together  
Let's walk across the river of time  
I would cherish you forever  
Like a diamond, our love will shine

From the sea to the burning desert  
I have looked but I could not find  
A love that could not bring such pleasure  
As you do, precious girl of mine

And when it's all said and done  
I know that you're the only one  
I need in this certain way  
And as we go on and on  
My love for you keeps growing strong  
And this is all I have to say

Let's cross this bridge together  
You and I for the rest of our days

Let's cross this bridge of laughter  
Let's cross this bridge of tears  
Let's cross this bridge together  
You just call, I will be near

The sun is slowly falling  
The night will soon be set  
There is no time for stalling  
Come to your lover, come to your friend

When it's all said and done  
I know that you're the only one  
I need in this certain way  
As we go on and on  
My love for you keeps growing strong  
And this is all I have to say

Let's cross this bridge together  
You and I for the rest of our days  
You and I for the rest of our days

Let's cross this bridge of laughter  
Let's cross this bridge of tears  
Let's cross this bridge together  
You just call, I will be near
