Stau la geam, privesc si ma gandesc  
Vantul imi sopteste sa-ti vorbesc  
Despre tot ce simt acum...  
N-am idee de unde a inceput  
Stiu atat, doar ca te-am vazut  
Si-i deajuns...

Refren:

Daca tot ce spun are vreun sens  
Si daca n-o sa-ti para rau  
Scrie-mi sus pe cer numele tau...

II:

My soul hears your voice  
My eyes laugh and I try to do something [?]  
To find their pair  
My heart beats normally  
It's letting me know that I'm falling in love  
And I long...

Refren:..

III:

It can't just be an occurrence  
When you meet with the one who who  
You are waiting for in your life...

IV:

The moon tells me (gives me a sign) that it's late  
And I would like when I wake up to be  
Next to you in the dawn of the day...

V:

The sun holds us in its palm  
And I answer you without wondering  
Who I am...

Refren:..

III:..

Refren:..

Scrie-mi sus pe cer numele tau...
