If this capture goes on
I will leave it all alone
By falling a million miles away
I will be broken and dead
That's what I feel and what I will get

Don't forget
Hide in yourself
Don't go back
Let the chaos begin

I won't run
I will escape
I said let it come

Black ravens on the chimney
Time to change
Like Daldalus and Icarus
Can't fly cause they cut of me wings
Want to heal, want to feel, want to feel, want to heal

Don't forget
Hide in yourself
Don't go back
Let the chaos begin

I won't run
I will escape
I said let it come

Survived and you failed
Don't rape my destiny
Posion
Sick

Don't forget
Hide in yourself
Don't go back
Want to know
Who you are
In the dirt
Let the chaos begin

I won't run
I will escape
I said let it come

Let it come...
