Not enough time left to spend on love
It's impossible to find peace of mind, no
We are the heartbeat of the world
You and I (You and I)
Listen, children, listen to me

Boys and girls, you're the road to the future
Boys and girls, you bring meaning to our lives
Boys and girls, show our sight through nature
You are all our hopes, all our dreams

Let go indifference and fear
Look around, you will see human blindness
Too many children suffering
And why? (And why?)
Everybody, open your eyes

Boys and girls, you're the road to the future
Boys and girls, you bring meaning to our lives
Boys and girls, show our sight through nature
You are all our hopes, all our dreams, yeah

Hey, boys and girls, come on, yeah
You bring meaning to our lives
Everybody, open your eyes, let's go, yeah
You're all our hopes, all our dreams, come on

(Boys and girls) Boys and girls
(You're the road to the future) You're the road to the future
(Boys and girls) You bring meaning to our lives
Boys and girls, yeah

Boys and girls, show our sight through nature
You are all our hopes, all our dreams

Boys and girls
