"Finding Me"

Visit "[Finding Me](#)" on MotoLyrics.com

When things are very hard to see
Always rain inside me
You'll find me here
Trying to heal

When it's very hard to breathe
With all this pain inside me
You'll find me here
Falling like a leaf

When I have nothing to say
Still trying to find a way
You'll find me here
Trying to heal

Sometimes we only feel pain
Seeking shelter from the rain
Without hands to hold
As we grow old

When I feel lost
You'll find me here
Trying to heal

When things are very hard to see
Always rain inside me
You'll find me here
Falling like a leaf
When it's very hard to breathe
With all this pain inside
You'll find me here
Trying to believe
