Let me sleep
for when I sleep
I dream that you are here
Your mine
and all my fears are left behind
I float
on air
the nightingale sings gentle lullabies
so let me close my eyes
and sleep
for chance to dream
so I can see the face I long to touch
to kiss
But only dreams can bring me this
so let
the moon
shine softly on the boy I long to see
and maybe when he dreams
he'll dream of me

Up high beneath the clouds
I'd whisper to the evening star
they tell me love is just a dream away
::dream away dream away dream away::
I'll dream away

So let the moon
shine softly on the boy I long to see
and maybe when he dreams
he'll dream of me

ooh dream of me
