[Spoken:]

Girl, when I think about you

I only think of one thing

You know what that is

I lock my door get down on the floor

& I rub one out, baby

I sit back in my chair like I just don't care

& I rub one out, baby

When I'm feeling lonely & I want you to hold me

I rub one out

Rub one out, hey don't be shy

Rub one out, don't ask why

Rub one out, I'll grab my crotch

Rub one out, do you wanna watch?

When I'm all alone, UGH, & you're on the phone

I rub one out

When I'm feeling hot & I'm all in a knot

I rub one out

So baby don't be shy, don't ask why

I rub one out, baby

Rub one out, hey don't be shy

Rub one out, don't ask why

Rub one out, I'll grab my crotch

Rub one out, do you wanna watch?

Girl, I wanna get inside you

all I need is to get beside you

Leave a message on my machine, my machine

Warm & sexy & I rub one out

'cause that's the way that it affects me, baby

It's not enough, kissing & stuff

so I rub one out

when you're not here & I want you near

I rub one out

Rub one out, hey don't be shy

Rub one out, don't ask why

Rub one out, I'll grab my crotch
Rub one out, do you wanna watch?
