Uuh, babe
Wearing clother under water
Damn, theyÂ're jealous of your photographs
Aah,
Ooh,
Catching cabs on the corner
Mad at everything you do
And I see why
Cause rumor has it
You were my girl
In another lifetime
Testity
And you know IÂ've been looking for ya
We cand set this world on fire
Take me higher
You can be my sex in the city
Let me know that youÂ're coming with me
I know what IÂ'm doing, girl trust me
You should be my, would you be my, you could be my,
my
You can be my sex in the city
YouÂ're my sex in the city girl
You can be my sex in the city, be my sex in the city girl
You can be my sex in the city
YouÂ're my sex in the city girl
You donÂ't need a witness
YouÂ're my sex in the city girl

Lose control of your body
Lay beside me smoking cigarettes
Ooooh,
We can hear the train passing by
Late at night
While IÂ'm inside you baby
Oooh,
I ainÂ't got nowhere to go
Can I get a kiss?
I just wanna taste
WonÂ't you tellme where to go
ThereÂ's no stars out now
Be my skyline tonight
Babe

You can be my sex in the city
Let me know that you're coming with me
I know what I'm doing, girl trust me
You should be my, would you be my, you could be my,
my
Ooh
You can be my sex in the city
You're my sex in the city girl
You can be my sex in the city
Be my sex in the city girl
You can be my sex in the city
You're my sex in the city girl
We don't need a witness
You're my sex in the city girl
Your clothes should fall
Cause I'm getting jealous of that dress around your
waist
Ooh, bay, yea yea
Don't walk away
Cause after tonight girl you'll be begging me to stay
You can be my sex in the city
You're my sex in the city girl
You can be my sex in the city
Be my sex in the city girl
You can be my sex in the city
You're my sex in the city girl
We don't need a witness
You're my sex in the city girl
Ooh.
You can be my sex in the city
You're my sex in the city girl
You can be my sex in the city
Be my sex in the city girl
You can be my sex in the city
You're my sex in the city girl
We don't need a witness
You're my sex in the city girl
