Walk with me, lady, I need you near me today;  
You're the one that I love, girl,  
by my side I beg you to stay.  
This whole world has nothing I desire more than you;  
So walk with me, lady, the road is narrow,  
but there's room enough for two!

I never said I was perfect;  
I never said I was anything.  
I need your love to see me through.  
'Cause all those lonely nights I suffered,  
without you, Without you.

So walk with me, lady, the good Lord made you for me:  
You're the one that I cherish,  
I'm your Adam and you are my Eve.  
Before I was half, now I'm whole,  
I can laugh, I can sing!  
So walk with me, lady, and talk with me, baby,  
He's given us everything.

No one said that it's easy;  
and the road can be lonely, too.  
Where would I be now without you?  
We'll share the grace of life together,  
forever.  
I love you...  
(Repeat first verse)
