Going to the club I'm looking so fly.  
Not even feelin' a lil' shy.  
Why do I have to feel so high?  
Up above the clouds and the sky,  
I don't even know why you have to lie,  
Because

I see you and you see me,  
Baby let me take you down  
And show you how to breathe,  
I like you.  
I would like to see me and you.

I see you at the club  
You got some thugs  
(With some thugs)  
I like it rough,  
Baby are you big enough?  
Strutting through the streets  
While you're starin at me.  
Haters be talkin' that trash,  
While I'm makin my cash.

I see you and you see me,  
Baby let me take you down  
And show you how to breathe,  
I like you.  
I would like to see me and you.

If I like you  
We can work something out,  
Make me scream and shout  
Just give me a clue,  
Baby me and you.  
Turning heads, breaking hearts,  
Pull my hair and break that chair,  
I play dirty,  
Never fair.

I see you and you see me,  
Baby let me take you down  
And show you how to breathe,

I like you.

I would like to see me and you.
