"From Here to Hell"

From here to Hell, all alone, I have wandered
From here to Hell, and back, in all those years
From here to Hell I have seen all the pain in the world
I have been lost and can't be found

I hear a painful howl in the distance
I hear it's yet another of my kind
Or is it just yet another echo of my fate,
The Devil laughing in my face?

Alone I shall forever be
Out in these eternal winds
Alone in this twilight where,
Serenity ends and death begins

Open my coffin, you'll see who I am
Open it, but you won't live long to tell
From here to Hell I am forever to be free
A freedom that's only meant for me

Alone...
