I really can't beleive the hunger that I feel
It's hard to imagine that such an agony is real
Pain in my stomach, like I've eaten something bad
But it has been weeks since the last meal that I had

The last one that I got was a frail and elder man
No life left in his body, not a single trace of a tan
Where the hell is the world comin' to, I just want
something to eat
I need someone young and lean, a little girl would be
neat

My throat is dry, my head is spinning
My eyes they blacken, my teeth are grinning
I've got lust for blood - Is that understood?

Just a few people is all that I'm asking for
No great loss, I tell you, I have seen it all before
Well, I'm not here for charity, ain't your friendly
neighbourhood ghost
Killing is my living, yeah, I'm a hellish demon's host

My throat is dry...
Carnivore - Lust for blood
Blood 'n' gore - Lust for blood
Bleedin' soars - Lust for blood
I just want more

Desires that I can't ignore
I told ya' before that I want more
I've got lust for blood - Is that understood?
