Well, I ain't got no time to waste
I need a lady right now, so chaste
It's getting near dawn, and I must confess
This night has been a terrible mess

I've been hunting high and low
But my luck's been pretty cold
Hunting up and down, running through town
Listening for a sound, nobody's around

The last thing I need is a chase
'Cause I ain't got no time to waste

Yeah, I ain't got no time to waste
I gotta get out of this place
It's getting near dawn, and I'm in a mess

The daylight leaves me in much-a-distress

I've been hunting...

Ain't there any blood in this place?
'Cause I ain't got no time to waste

I ain't got no time to waste
The graveyard is my place
It's getting near dawn, and it's a long way to go
I ain't nothin' but a vampire who's lost his soul

I've been hunting...

All I'm asking for is a taste
Ain't got no time to waste
