Sensual witches of the black arts
Wicked sisters caress your very mind
Beautiful twins seduced by the evil count
Enthralled by their presence, you don't even fight

You shouldn't have looked into their eyes
Now you cry out in despair
You should have looked in to the mirror
You know they weren't there

Colours change before your eyes
Don't know where the hell you are
Hazy views of things you thought were lies
Immortality visions from afar

You shouldn't have...

They're Twins of Evil, don't you know
They're bound by vampire lust
They're Twins of Evil, can't you see
The mark of the devil on her neck
They're cursed
They will curse you too

Their beauty enthralls the village
People start to disappear
Stay away! Don't be around
When you know they're getting near

Don't look into their evil eyes
Of their kiss you shall beware
Look in the mirror, an empty room
They've crawled out from their lair

They're Twins of Evil...
