What if I we could just talk it over  
If only we could somehow find a way  
Maybe we can just start all over  
If only we weren't breakin' up today

Think about the good times, forget about the bad  
Think about the love we tried to make and what we had  
I remember the love and lies and promises  
I remember everything, I remember way too much

What if I we could just talk it over  
If only we could somehow find a way  
Maybe we could just start all over  
If only we weren't breakin' up today

Today we pull ourselves together, rip ourselves apart  
So many lies and ties to sever, we don't know where to  
start  
It's not worth us trying to save it and it never was  
There's no way we can make it work when we couldn't  
even let it work

I though that I could move on to someone new  
But I've never loved or hated anyone but you  
What if I'd been good to you? What if I'd been true to  
you?  
What if we weren't breakin' up today?

Today we pull ourselves together, rip ourselves apart  
So many lies and ties to sever, we don't know where to  
start

What if I we could just talk it over  
If only we could somehow find a way  
Maybe we can just start all over  
If only we weren't breakin' up today

If only we weren't breakin' up today  
If only we weren't breakin' up today
