I'm broken, fix me or 86 me  
I've lost more than I ever knew I had  
Felt this before, but it never hurt so bad  
Well, I'm broken, out of control

How much can I hate?  
(Well, I don't know)  
Let me count the ways  
(Can't let it go)  
Bend until I break  
(Can't let it go)

Well, I can't stand me  
Or understand me  
Wish I was crazy, wish I was stupid  
Or sorry, sorry

How much can I hate?  
(Well, I don't know)  
Let me count the ways  
(Can't let it go)  
Bend until I break  
(Can't let it go)

I'm broken, please leave me alone  
Soul broken, don't leave me alone  
Sharp, broken, I'll cut you to the bone  
Make you feel what I feel

I'm broken, fix me or 86 me  
I've lost more than I ever knew I had  
Felt this before, but it never hurt so bad  
I'm broken, out of control

How much can I hate?  
(Well, I don't know)  
Let me count the ways  
(Can't let it go)  
Bend until I break  
(Can't let it go)
