Lets not and say we did.  
Then, lie and talk about the old days.  
We were just as boring, but not as ugly.

Check one  
Yes or no  
Life is a mistake until you fill in the blank.

What not to see, what not to do, where not to go  
Quit quitting. Do anything, even if it's wrong.  
Who cares why? Why the hell not?  
Check one  
Yes or no  
Life is a mistake until you fill in the blank

Zip, zilch, zero, jack, squat, none, nil, nada, nope  
Anything  
Everything  
Not nothing

Check one yes or no  
Life is a mistake until you fill in the blank.
