I always thought you'd love me like you use to i never  
though i'd find you playin me this way i always said you  
were really not shallow but apperently i was wrong  
my fairy tale life wasn't 'posta end this way  
but it did it was just a waste of time  
it was gonna be me and you 'til the end of all time but  
that did not happen that way oh  
CHOURS--you totally destroyed my heart i never  
thought i could put it back together i always thought  
and i'm never goanna think again how could you be so  
cold i really thought we had a connection, connection,  
connection  
ut oh here we go  
i don't know why i did not knock you hard on the  
ground and listen to what you had to say cause it  
really made me quite annoyed and i, and i, shoulda  
walked away  
i really thought we had that true love spell cause we  
were the couple of all time it seems to me the were lyin  
they always said we had a connection  
so i said  
CHOURS RE 1  
i dont know why i had to act like a fool and go out with  
you i did not know what to do when i saw you kissin  
another girl when i asked you about it you never said a  
word then i decided right here right now it was over  
cause i couldn't take any more oh  
CHOURS RE 2  
i always thought and i'm never gonna think again.
