Tell me how did you get so cynical and suspicious
minded?
If you look for something wrong long enough I'm sure
you'll find it
Save your psychic self-defense
'Cause I don't care what you're against

What are you for?
I want to know, why don't you tell me so?
What are you for?
Quit giving me negative what makes you want to live?

They shoved shit down your throat and told you that
It smells like roses
But it was just too hard to swallow, then you got
Halitosis
Save your evil, save your breath
'Cuz I don't care what you're against

What are you for?
I want to know, why don't you tell me so?
What are you for?
Quit giving me negative what makes you want to live?

You're tired of being pushed around
Want to tear the system down?
Hey bro - let's go!
Just quit your bitchin' about the situation

It's not that tough and it's not enough to point your
finger
And I don't know why you should listen to me 'cause I'm
just a singer
Your open mouth don't make you tough
I see you and I'll call your bluff

What are you for?
I want to know, why don't you tell me so?
What are you for?
Quit giving me negative, what makes you want to live?
What are you for?

What are you for?
