Fade away : Is that not
What was what... What you thought?
Drop that cause - Now is all
Memory go - Junk the pause
Let it go, left behind
Discreate the sentimental blind
Then is gone - If debunk
Memory go, reject the junk

Memory go : Memory go
Memory go : Memory go
Memory
Memory

Promised love, "The caring game"
Not cashed in is not the same
An unreal life - Addicted to strain
Imagined and non-existent pain

Memory go, not to fade
Not repressed : Not too safe
Up in arms - Up and tight
Memory go : A backwards sight

Memory go : Memory go
Memory go : Memory go
Memory
Memory

Fade away : Is that not
What was what... What you thought?
Drop that cause - Now is all
Memory go

Memory go (Is that not what was?)
Memory go (Is that not what was?)
Memory go (Is that not what was?)
Memory go (Is that not what was?)
