The love of the Never man
Jumps through the blackest heat
His imminent green innocent sweet
Is blocked and returns

The love of the Never man
Is blocked and returns
The love of the Never man

Contains a story, he never being heard
Dreaming of a better time to come
When better days will mean
Being, hearing never sleep

The Never man will weep
Never sleep at night
The Never man will weep
Never sleep at night

Swimming in the idea moat
Dreams of better days will come
Those reoccurring maybes that
Force the never haze will come

The love of the Never man
Jumps through the blackest heat
His eminent innocent sweet
His innocent sweet

The love of the Never man
Can't breath for smoking ruins
Third eye glimpses a second thought
Is blocked and returns

Can't breath for smoking ruins
Contains a story he
Never being heard
When better days will mean

Can't breath for smoking ruins
Love of the Never man
Jumps through the blackest heat
