Everyday I walk the same way home  
Every walk so fucking alone  
Everything I fucking do is shit  
Everyfuckingthing I do I quit!  
I fuck it up no matter what I do  
Over and over through and through  
EVERYDAY I WALK THE SAME WAY HOME

Everyday I walk the same way home  
Streetlight is a mockery  
Avenues show their scorn for me  
Everyday I walk the same way home

Run a muck on complacency  
No right path to which I'm shown  
I'm cutting loose on society  
Everyday I walk the same way home  
Every walk so fucking alone  
Everything I fucking do is shit  
Everyfuckingthing I do I quit!  
I fuck it up no matter what I do  
Over and over through and through  
EVERYDAY I WALK THE SAME WAY HOME
