First seduction, then destruction
What I really need right now is my Crack whore barbie
Voodoo doll

It's a cloudy day in junkie town
Gonna have my way, it's going down
I've got a date, that will detonate
I can't wait, all I feel is hate

Thrash!

By my hand you will die

Columbian necktie
Needles for decoration
A voodoo sensation

Crack whore barbie

Lick the sweet blood off the blade
Laugh out loud, am I insane?
Stab the doll, chop off the head
Torture tactics in my head

Die by the sword
Sweet crack whore
