There's a sunny little country south of Mexico
Where the winds are gentle and the waters flow
But breezes aren't the only things that blow
In El Salvador

If you took the little lady for a moonlight drive
Odds are still good you'd come back alive
But everyone is innocent until they arrive
In El Salvador

If the rebels take a bus on the grand highway
The government destroys a village miles away
The man on the radio says
"Now we'll play 'South of the Border'"

And in the morning the natives say
"We're happy you have lived another day
Last night a thousand more passed away
In El Salvador"

There's a television crew here from ABC
Filming Rio Lempe and the refugees
Calling murdered children the 'Tragedy'
Of El Salvador

Before the government camera 20 feet away
Another man is asking for continued aid
Food and medicine and hand grenades
For El Salvador

There's a thump, a rumble, and the buildings sway
A soldier fires the acid spray
The public address system starts to play
'South of the Border'

You run for cover and hide your eyes
You hear the screams from paradise
They've fallen further than you realize
In El Salvador

Just like Poland is protected by her Russian friends
The junta is assisted by Americans

And if 60 million dollars seems too much to spend
In El Salvador

They say for half a billion they could do it right
Bomb all day and burn all night
Until there's not a living thing upright
In El Salvador

And they'll continue training troops in the USA
And watch the nuns that got away
And teach the military bands to play
South of the Border

Killed the people to set them free
Who put this price on their liberty
Don't you think it's time to leave
El Salvador?
