Wonderful moment is to play,
What if we try this game,
We never ride for burning, what if burning open space

We never held this broken light,
Forever true and alien,
Planing and rolling and roaming on roads and riding
Away...

One riding for true love, and if you promise,
Setting me in a garden, so I ain't need no more...

Forsaken wisdom every way,
Why turn and try to listen,
Sounds that we can't stop hearing,
When our distance dissapearing,
They never gave you broken heart,
You're here to freely roam the land

Planing and rolling and roaming on roads and riding
Away...
Riding and riding and riding away...

Wonderful moment is to play,
What if we try this game,
We never ride for burning, burning open space

One riding for true love, and if you promise...
Setting me in the garden, so I ain't need no more...
