(Gary Moore/Jon Hiseman)

Could you seek with me a secret place,
A clearing in the forest
And find the answer there?
Could you seek with me
A way through all the people,
Places, things that block our paths
And stop us getting clear?

Could we fight against the tides, (could we take the
faces)
And run before the storm (could we fit our names)
Of those who loved us dear?
Would you know what to look for?

Have you ever looked at the way you are,
Ever looked at yourself from afar?
Could you pick yourself out from a crowd?
Would you know what to look for?
Know what to look for.

Oh, oh-oh-oh-oh-oh.

Have you ever looked at the way you are,
Ever looked at yourself from afar?
Could you pick yourself out from a crowd?
Would you know what to look for?
Know what to look.

Could you seek with me a secret place?
Could you seek with me a secret place?
Could you seek with me a secret place?
Could you seek with me a secret place?

Could you seek with me a secret place? (Could you
seek with me a secret place?)
Could you seek with me a secret place?
Oh, could you seek with me a secret place, (Could you
seek with me a secret place?)
A secret place, a secret place, a secret place?

Could you seek with me, could you seek with me,
Could you seek with me, could you seek with me?
