Wait, until you're ready
Until you shake off what you don't want
Stop calling your family
You can't wait to shake this off
Don't act like it's important to see
Funny, yeah, it talks, but it ruins everything
But if you bury me
The dogs will come for you too
If you want to get buried in it too

Wait for grace to set in
You don't
Offer love as hope
Lions as birds
Protecting what we know of works
They say our feet were meant for dirt
I disagree
I disagree

Pick it up and take
The brother that you made
Are you listening
Or is it easy to see that,
If you bury me, I'll bury you
Dogs might come bury us too
Are you listening
Or is it easy to see

In our beds we're screaming
Ahh, ahh, ahh,
I just want more and more

Wait for grace to set in
You don't
Offer love as hope
Lions as birds
Protecting what we know of works
They say our feet were meant for dirt
I disagree

In our beds screaming,
Uhh, uhh, uhh,

In our beds screaming
I just want more and more and more

Lions and birds
Spreading their arms
Sweat in your breast
Is there love in your heart
Are you listening
Or is it too easy to see
We say you bury me, i'll bury you
Dogs might come bury us too
Are you listening
Oh God, I swear that everything is (wrong)

Screaming ahh, ahh,
I just want more,
We're saying,
Lions as birds
Protecting what we know of works
Now there's blood in your mouth
