It's a circus  
It's a circus in here  
Well I can't walk wherever I want to  
I keep stepping in the things I fear

It's a circus  
Are you scared just like me  
Everyone around me is talking  
I'm just ripping off the leaves of a tree  
So I say..

It's a circus  
And I'm scared of another choice  
Well everyone around me is talking  
Am I the only one who has a voice

Well is this true  
Or just some knowledge that I bare  
Well everyone around me is thinking  
Oh help me God, I'm scared  
So I'll say..

Oh, Oh no  
Oh my God  
Duu du du duru  
So I'll say..

Oh, Oh no  
Oh my God  
Does anybody get a choice  
So I'll say..

Oh, Ooh  
Oh my God  
Duu du du duru  
We all scream..

Oh, Oh no  
(Oh my God)  
Tell us the truth

OH, no no no no no  
Is this some truth  
Some price to pay  
Am I about to get the things I waged

Is it true  
If this is a choice  
Oh God, it's a choice  
Everybody's gotta void with some passionate,  
conscience, religion  
Oh God, it's true  
Oh God, it's true

If this is the price I'll pay  
I'm not afraid of the guns and tanks  
To push it away  
Is this a fashion, conscience, religion, or is it truth

If this is the price I'll pay  
I'm not afraid of the guns and tanks  
To push me away  
Is this a fashion, conscience, religion, I think it's true
