If each works,
Use your ears.
If each works,
Close your eyes.
If each works,
Open your hands.
If this works,
You'll shut your lips.
And use that dim lamp
Come back to me, come back in 3's.
With each word,
Say yes half the time
If not all the time,
That works for me.

Where trees stood
If only a figure.
Where monuments could
Be only a distance.

On my way to you
'Cause screw this night
I will find a light.
And on my slow dive
Come back to me, with anything, my only friend.

And use that dim lamp
Come back to me, come back in 3's.
With each word
Say yes half the time
If not all the time
That works for me.
