The world in black  
A sigh adapts  
Consume what's borrowed  
A growing debt

The silent shouts  
His dwell in doubt  
Unanswered prayers  
Greet growing fears

The wide awake  
Bare witness to  
His own decay  
A growing pain

His beast is done  
Caved in upon  
The mountain ruin  
We've all defied

Set fear aside  
Let's watch him die  
Where to with questions?  
Where to with doubt?

All lies aside  
Let's choose a path  
We'll greet no truth that  
Leaves our crippled minds blunt

Bleeding through the fields  
Under the storm  
Avoiding the sun  
Turning no stone  
The crows stab his hollow  
Soul with their eyes  
There's a fear that wont  
Rest least he dies

Shame conquered this man  
Shame is the stone  
The stone that sunk

His body through mind  
Shining underneath  
Crippled not drained  
Under the shame  
He's still a man
