Is she somewhere in the city?  
Is she somewhere in this town?  
What's her name?  
What does she look like?  
Is she fun to be around?  
Does she make you feel like I did?  
Oh so long ago

I wanna hear it from you  
Tell me that it's over  
Let me hear it from you  
Tell me that it's over  
I wanna hear it from you

First you look at me with anger in your eyes  
Then you look at me with spite  
That's if you look at me at all  
That's how I'm looking at you tonight

You tell me that love's a drag for you  
But when the lights go out you panic

I wanna hear it from you  
Tell me that it's over  
Let me hear it from you  
Tell me that it's over  
I wanna hear it from you

I know I must be some kind of fool  
To be in love with you  
To be in love with you

Tell me that it's over  
Let me hear it from you  
Tell me that it's over  
I wanna hear it from you  
Tell me that it's over  
Let me hear it from you  
Tell me that it's over  
I wanna hear it from you  
Tell me that it's over

I wanna hear it from you  
Tell me that it's over  
Let me hear it from you Tell me that it's over
