Do you want to know  
If everything glittering  
Will turn into the gold  
I see in your hair  
I feel it could be there  
Somehow tonight

And do you want to fight  
Something worth saving  
The change would do me right  
Cause I've been just waiting  
And hesitating  
With this heart of mine

You're still a mystery  
But there's something so easy  
In how you're sweet to me  
I feel completed  
Like it's something I needed  
For this heart of mine

There's always something so tragic  
About a hopeless romantic

So though we cannot know  
If everything glittering  
Will turn into the gold  
I'm through with waiting  
And hesitating  
I want you taking  
This heart of mine  
Heart of mine  
Heart of mine
