Coming In Hot

Firin' some shot

Coming in red hot

It's a musical shot

CHORUS

I just clean up me nuzzle

I just load me barrel

And I cock me hammer

Cause I'm gonna pull my trigger

CHORUS

One minute after dozing

I thought that I was a blazing

My blood it was a boiling

It was amazing

CHORUS

Next day it went higher

Whole a me catch a fire

I couldn't take it no longer

I haffe chokin' on some cold ice water

CHORUS

I got up the other day

My heat it never went away

103 on the hour

I had to head for the shower

CHORUS
