No Nuclear War

We don't want no nuclear war

With nuclear war we won't get far

I said that We don't want no nuclear war

With nuclear war we won't get far

Said no, just another holocaust

It's just another holocaust

And we can't take no more

(CHORUS)

Too many people are hungry

They don't have food to eat

They are naked

'Cause they don't have clothes to wear

They are going insane

Because of the condition

A million babies

Are suffering from malnutrition

CHORUS

I can't take no more

I saw WWI

Where lotsa trouble begun

I saw WWII

When the pirates came right through

Lookin' for WWIII

But you got to set me free

Free from the chains

And this here misery

CHORUS

We can't take no more

Unemployment

I said the rate is high

So much sick people

I'm sure they gonna die

So much mad people

Gettin' ready to explode

'Fore somebody

Come help them carry this load

CHORUS

One country deploying MX

Another country deploying SS

Inflation goin' way up high

And the dollar is going way down low

CHORUS

Crying, bawling, they can't take no more
I hear them moaning they can't take no more
They don't wanna die
They want to go to Heaven, yeah
But they can't
They can't take no more
They gettin' low
They can't take no more
They gettin' grief
They can't take no more
They gettin' beat
They can't take no more
They gettin' lazy
Cause They can't take no more
Bored
They can't take no more
Frustrated
They can't take no more
Pleading for them
They can't take no more
Can't you hear me pleading for them
Cause They can't take no more
They want to live in peace
And happiness
Let the trees grow
Let the waters flow...
