Metal chicks get aggro, smoking on the pitch.
Weather's not for leather, nicotine's a bitch.
Goth chicks get restless, fistful of rings.
Photos in the graveyard, such a moody thing.

Hot Topic woman, dark and mean.
Pretend that you don't see me.
Forget your foolish manager!
Get with the program, I'm the customer!

Your boyfriend's demo, shoe gazin' verb.
Thought he was a rocker. Now I'm not so sure.
Come on angry lady, I know it can be tough.
How about a little smile? How about you ring me on up?

Hot Topic woman, dark and mean.
Pretend that you don't see me.
Forget your foolish manager!
Get with the program, I'm the customer!

Oh Hot Topic Woman
Oh Hot Topic Woman
Oh Hot Topic Woman

Metal chicks get aggro, goth chicks get hot.
You a stone cold looker, whether you like it or not.
C'mon angry ladies, I know it can be tough.
How 'bout a little smile, how 'bout you ring me on up?

Oh Hot Topic Woman
Oh Hot Topic Woman
Oh Hot Topic Woman
Oh Hot Topic Woman

You a stone cold looker, whether you like it or not.

Oh Hot Topic - Hot Topic Woman
