so many times i looked and found  
my dreams around, come tumbling down  
and there you were,  
holding out your hand (holding out your hand)  
when there was rain  
you were the sun  
you are my life when life was done  
so this i say to you  
baby from my heart  
from my heart (from my heart) (from my heart)  
every day you'll see (every day you'll see)  
how i try and be (how i try and be)  
a better man for you (a better man for you)  
by the things i'll do (by the things i'll do)  
a better man you'll say  
has come to you today  
i'll try and be a better man

and when lovers come my way  
i'll just smile and politely say  
that this heart of mine  
it only beats for you (only beats for you)  
though in the past i've let you down  
there's no more tears i'll be around  
now and forever, my wandering days are through  
i want you, i want you, i want you  
every day you'll see (every day you'll see)  
how i try and be (how i try and be)  
a better man for you (a better man for you)  
by the things i'll do (by the things i'll do)  
a better man you'll say  
has come to you today  
i'll try and be a better man

so let me hold you close to me  
let me prove this love is real (it's so real)  
i'll make up for all the times you've cried  
let me take you in my arms  
i'll erase all the hurt i see  
come and feel the love i have  
inside, inside, inside, inside

and every day you'll see (every day)  
how i try and be (how i try and be)  
a better man for you (a better man for you)  
by the things i'll do (by the things i'll do)  
a better man you'll say  
has come to you today  
i'll try and be a better  
try and be a better  
try and be a better  
try and be a better man
