You said he was a friend to you
He was someone that you could talk to
But for me it wasn't hard to see
That you were spending more time with him than you
were with me
Then you said it was all in my head
Just another illusion
Messin' with me instead of the truth girl
What to do girl, lying, scheming all the time and it was
you girl
B- section

Can't you see, what you've done to me
Hook Lies are all you ever gave to me
This love that we shared was just to fantasy
Why did you try to comfort me
When you knew that the truth would set you free
Girl I tried to give you all my love
But now I realize that it was not enough
All of those times that you said you loved me
All Lies
You tried to play me like a fool
You were runnin' game
I was on to you
Every time that the phone would ring
I would pick it up
He would say nothing, still you said that it was all in my
head
Just another illusion messin' with me instead of the
truth girl
What to do girl, lying, scheming all the time
And it was you girl
B- section
Now it's time for me to see goodbye

Lies are all you ever gave to me
This love that we shared was just to fantasy
Why did you try to comfort me
When you knew that the truth would set you free
Girl I tried to give you all my love

But now I realize that it was not enough
All of those times that you said you loved me
All Lies
Bridge

Girl I gave you all my heart and my soul
And all the love inside of me
Was there at your control
Tell me why you do these things to me
Messin' round with my best friend
Then you turn around and lie to me
