ooooh,i carry a photograph

smile at the way you use to be

never lookin back at me

now its just an image for me

you were all after that

and you were my life a living star

how did we lose our way

how did we fall apart

coz something in our kisses

says love will never end

and deep down you still feel it to

but you wont let me in

chorus:

so when you smile like monalisa

my heart falls to pieces

coa smilin just cant hide all

the sadness in your eyes

i could only hold you,

love you like i use to

but girl what can i do when you smile

like monalisa

the way that i held you close  
the way that you wispered at me  
we made a work of art but now  
theres just an empty frame  
all we had,  
baby we can have again  
and deep down inside you feel it to  
but you wont let me in

chorus:

so when you smile like monalisa  
my heart falls to pieces  
coz smilin just cant hide all  
the sadness in your eyes  
i could only hold you,  
love you like i use to  
but girl what can i do when you smile  
like monalisa

ooohh

so when you smile like monalisa  
my heart falls to pieces  
coz smilin just cant hide all  
the sadness in your eyes  
i could only hold you,  
love you like i use to  
but girl what can i do when you smile

like monalisa

i care a photograph

and love the way you use to be
