[Verse:]

Cold wind's blowing, confusions growing,  
Signs showing nobody's home,  
Peer through your window, Nothing but an empty soul,  
Where'd you move, Where'd you go  
Am I too late, to stop this,  
I'm in disbelief, I keep knocking,  
But the carving in that old oak tree, said forever you  
and me,  
The one thing I believed in has failed me

[Bsec:]

When everyone was looking on the outside in  
I got to know you behind closed curtains,  
And be the one that made sure that you're safe and  
warm

[Hook:]

How could you leave me, all alone, in the cold, at the  
door,  
Without a key to your heart,  
How could you leave me, no goodbye, boy I'm gone,  
movin on and now my love won't survive,  
Where can I mail off and send this, pent up emotion,  
cause you don't live here anymore,  
How could you leave me, all alone in the cold at the  
door,  
Without a key to your,

[Verse:]

Heart's pounding, yelling loudly, throwing rocks at your  
windows,  
Trying to kick it, put my, shoulder into it and once more  
tried the handle,  
And the telephone's disconnected, no electricity, I'm  
assuming,  
With our prints in the cement, remember when we were  
six,  
Wish we could be there again

[Bsec:]

When everyone was looking on the outside in  
I got to know you behind closed curtains,

And be the one that made sure that you're safe and warm

[Hook:]

How could you leave me, all alone, in the cold, at the door,

Without a key to your heart,

How could you leave me, no goodbye, boy I'm gone, movin on and now my love won't survive,

Where can I mail off and send this, pent up emotion, cause you don't live here anymore,

How could you leave me, all alone in the cold at the door,

Without a key to your heart

You said you'd never leave, this home feels so empty,

Tell me where did you go, go,

Never saw a moving sign, just locked out wondering why,

Your heart don't live here no more, How could you

[Hook:]

How could you leave me, all alone, in the cold, at the door,

Without a key to your heart,

How could you leave me, no goodbye, boy I'm gone, movin on and now my love won't survive,

Where can I mail off and send this, pent up emotion, cause you don't live here anymore,

How could you leave me, all alone in the cold at the door,

Without a key to your heart
