lyrics: Boris Bergmann

music: Vangelis Papathanassiou

You should come with me to the end of the world
without telling your parents and your friends

You know that you only need
say a word

So end my play with thy
end of the world

But I know
that I'll go... away by myself
I feel you don't want to come

You should come with me to the end of the world
We could lie all day on the quiet sands
I would introduce you to my friend the bird
who sings and flies along the fairy strand

But I know
that I'll go... away by myself
I feel you don't want to come

he---e, ha---a

If you come with me to the end of the world
I'll give you anything that lives on earth

You know that you only need
say a word
So we might live at the end of the world

What I know
that I'll go... away by myself
I feel you don't want to come

he---e, ha---a
