Where do we go from here?
This isn't where we intended to be
We had it all, you believed in me
I believed in you

Certainties disappear
What do we do for our dream to survive?
How do we keep all our passions alive,
As we used to do?

[Bridge:]

Deep in my heart I'm concealing
Things that I'm longing to say

Scared to confess what I'm feeling
Frightened you'll slip away

[Chorus:]

You must love me
You must love me

Why are you at my side?
How can I be any use to you now?
Give me a chance and I'll let you see how
Nothing has changed

[Bridge]

[Chorus]

You must love me
