Yeah nigga, peep this.

Take a ride on the darkside, take a ride on the darkside.

As the forewind blows, my mind goes on the trip  
But more like a tool when I drop this dope shit  
Niggas want me stumped to my lyrics cause they jump  
But I'm from that darkside, you know whuts up punk  
You up in flames, you bitches I'm from tha D.S  
Down South, darkside, it's all good bitch.  
I'm like that violent rain that struck the city, Eugene  
Knight  
May the 8th, I put my theory down right  
Who gives a fuck I say  
There's no explanation for the some of the things  
that happens in the city at night  
I seen a nigga ??????  
They put the fire out for water electricuted the bitch  
They make sure ya dead  
Cause that's all that matters to a nigga in the darkside

Chorus

I'm comin for ya  
Niggas die on the darkside  
I'm comin for ya  
Niggas get glocked on the darkside x4

Nigga, now when the lightning strike the thunder  
always come  
Bitch niggas don't even flinch cause if you do you get  
pistol whipped  
I seen a nigga run for his life, from a fist fight  
Same nigga lost the fight, got the gat right  
That's how it's be in my city  
Four hundred and twenty one murders, niggas don't  
show no pity  
You got to be real in the land you live in, punk  
Or get handled by them niggas in the darkside chump  
I scar, I dwell, where demons have nothing but houghts  
of murder  
Look down, await, body's hangin' out that burner

Aint nothin but murders that kill up around this bitch  
That New Orleans city is wicked, that New Orleans city  
is wicked  
Them bitches can't run, them hoes can't hide  
Y'all niggas commit suicide in the darkside

Chorus x3
