"He Spoke to Me"

Visit "[He Spoke to Me](#)" on MotoLyrics.com

(So sweet, so sweet)
When He spoke to me
(So sweet, so sweet, yeah)
Just the sound of His voice
(So sweet, so sweet)
When He spoke to me
(So sweet, so sweet, yeah)

Sound of His voice
(So sweet, so sweet)
Send that chill in my body
(So sweet, so sweet)
And I was lifted
(So sweet, so sweet)

I tried to deny the ways I was feeling
'Cause the world had me all messed up
Controlling my decisions
Had me at the point where I hated who I was
Something had a hold on me and wouldn't budge at all

I felt myself sinking until this all
Now all I could say was help me, Lord
And by God it hurt, I know it hurt because

When He spoke to me
(So sweet, so sweet, yeah)
Just the sound of His voice
(So sweet, so sweet)
When He spoke to me
(So sweet, so sweet)

Sound of His voice
(So sweet, so sweet)
Send that chill in my body
(So sweet, so sweet)
And I was lifted
(So sweet, so sweet)

(Shh, wait a minute)
Just when I thought it was over
(Shh, wait a minute)

And I was 'bout to go into town

My heart was heavy with a bird
Left being a bird in the world and not being able to fly
My heart was heavy
And if you don't know what I'm talking about
You must be crazy

You need to stand up, stand up
Stand up, stand up, stand up, stand up
Good is God been enough
You better stand up, stand up
Stand up, stand up

He spoke to me
(So sweet, so sweet)
Just the sound of His voice
(So sweet, so sweet)
When He spoke to me
(So sweet, so sweet)

Sound of His voice
(So sweet, so sweet)
Send that chill in my body
(So sweet, so sweet)
And I was lifted
(So sweet, so sweet)

I just wanna say thank You for everything
Thank You for everything, thank You for everything
Thank You for everything
Every little thing, for every little thing

I just wanna say thank You, thank You
Thank You, thank You, everything You've done for me
Everything, everything, thank You, thank You
Thank You, thank You

I wanna say thank You, thank You
Everything You did to me, so wonderful
So beautiful

He spoke to me
I said thank You, I said thank You
I said thank You, I said thank You
Just the sound of His voice
(So sweet, so sweet)
When He spoke to me
(So sweet, so sweet)

Sound of His voice

(So sweet, so sweet)
Send that chill in my body
(So sweet, so sweet)

And I was lifted
(So sweet, so sweet)
When He spoke to me
(So sweet, so sweet)

Just the sound of His voice
(So sweet, so sweet)
When He spoke to me
(So sweet, so sweet)

Sound of His voice
(So sweet, so sweet)
Send that chill in my body
(So sweet, so sweet)
And I was lifted
(So sweet, so sweet)
