Who rang my phone?  
That boy gon be a singer one day fo real  
Naw, man get serious for a minute  
I said and I said and I said  
'Cuz he told me, 'cuz he told me, 'cuz he told me

Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off

The talk don?t bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah, I said

You know it probably wouldn?t worry me so much  
If I was out there and behind closed doors  
I was what they call caught up  
Stealin' donkin' and drugs, livin' reckless  
And takin' advantage of all I worked so damn hard for

Really needed help, but afraid to ask  
Lonely, depressed, or just needed someone else  
On the verge of givin' up, paranoid, scared  
Totally overlookin' how much I been blessed

How could you understand what you say they said  
And most of all why they said it, and I just nod my head  
When you wrong you?re wrong, I?ll admit it  
I?ll confess to anything if I did it

But to spread unnecessary lies, I don?t get it  
How could you find enjoyment in my business?  
You know what, forget it, talk my nigga  
If you wasn?t talkin' about me, I probably miss ya

Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off

The talk don't bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah, I said

Petey doin' this, Petey doin' that  
I seen Petey here, but what he doin' there?  
Why you don't come and ask, it ain't gon make me  
mad  
I respect that more than you doin' it like you have

Botherin' my family scarin' them to death  
Why you talking to them about me  
When you can talk to me yourself  
I might blast back, lose it and tear into your ass  
Or I could be a man about it and talk and clear the air

But you don't never know that 'cuz you won't take the  
chance  
What that mean? You missin' somethin' in the crotch of  
your pants  
He can make me laugh, 'cuz sometime the story can be  
so outrageous  
Can't say nothing but damn you know what I really am?

Beyond that her momma told me somethin' one day  
And I ain't forgot it if they scared to my lie  
To my Heavenly Father's precious name  
Then who am I to complain?

Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off

The talk don't bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah, I said

I don't care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone

I don't care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone

The rumors you spread don't bother me

The lies you tellin' don't bother me  
I thought about it  
And I wouldn't be no better than you

I don't care, go head  
Stop, get away from here  
Leave me alone, leave me alone  
Leave me alone, leave me alone

Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off

The talk don't bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah

Why should I worry about what people say?  
When they gon talk about me anyway  
They gon make up all sort of thangs  
I just got to be the bigger man and let it roll off

The talk don't bother me  
I believe in me if nobody else does  
And let it roll off just like the one  
And only feather of a dove's back, yeah, I said, I said
