I know this was not part of the plan
But oh, won't you try to understand
I love you - not like a friend but like a man loves a
woman and a woman loves a man

I love you - at least I think I do
And I do want so very much to ask if you
You think it's possible you love me too
Please say you do

Cos I see you in strange positions that I can't do
I'm not conditioned but I want to
And I've a good imagination love
That much is true, is true

And I'd bring it up in conversation
But darling I'm so easy bruised
I want you for me and I want me for you
And darling you don't seem to have a clue

I know we've been platonic
But wo-oh, to be laconic I just need you so
You're the chronic to my hydroponic
You're the gin to my tonic and I

I play the perfect gentleman for you
A display, not quite my sentiments for you
And I stay on the sofa when I stay with you
You know I do

Cos I love you - at least I think I do
And I do want so very much to ask if you
You think it's possible you love me too
Please say you do, you do
